

## Collaborative Working with European Partners to Improve Social Inclusion

The ICC, Birmingham | 17 November 2011

The purpose of the seminar is to identify the best practice and lessons learned thus far from the New Approaches to New Skills for Social Inclusion (NANSSI) project being delivered by AoC (UK) and MBO Raad (The Netherlands) under the EACEA project stream. It considers key themes to take forward and is designed to stimulate interest in already proposed and potential new projects underpinning those themes.
